WARNINGS

Please read this instruction manual completely before using this product. Failure to follow these instructions and warnings could result in serious injury or death. Keep these instructions for future reference.

- Prevent serious injury or death from falls or sliding out.
- Always secure child using the restraint system.
- Never leave child unattended.
- Always use high chair on a flat, smooth surface.
- Never use near stairs.
- Never allow child to use footrest to climb in or out of the high chair.
- The child should be secured in the high chair at all times by the restraint system. The tray is not designed to hold the child in the chair.
- It is recommended that the high chair be used only by children capable of sitting upright unassisted.
- Never use in any location where hanging cords can be reached by child.
- Always keep child in view while in high chair.
- The maximum weight for the high chair is 50 pounds. Excessive weight may result in a hazardous unstable condition.
- Do not use the high chair unless all components are correctly fitted and adjusted.
- Check your high chair for any parts that may be broken, torn or missing before use and on a regular basis. Discontinue use of the high chair should it malfunction or become damaged.
- Discard all packaging materials properly. Do not allow children to play with them.
- Maximum age: 4 years.

Please do not return this product to the store

If you experience any difficulty with the assembly or use of this product, or if you have a question regarding these instructions, please contact our Customer Service Department at (877) 456-5049 between the hours of 8:30 am and 5:00 pm Central Time.

Please Note: Styles and colors may vary
Assembling and Using your High Chair

⚠️ To ensure safe operation of your high chair, please follow these instructions carefully.

Unpacking the Product

- Carefully remove high chair from the box and plastic bag.
- Remove any cardboard packing materials from the product.
- Identify the parts (high chair, passive crotch restraint, tray, tray insert) with the pictures in Figure 1.
  NOTE: The tray and tray insert come fully assembled on the product.
- Remove all plastic coverings from any areas of the product and discard them properly. Do not allow children to play with them.

⚠️ CAUTION

Adult assembly is required for this product. No Tools Required.

Unfolding the High Chair

- Keep children away from high chair while unfolding.
- Stand to the side of the folded high chair and while holding the handle, pull upward on the seatback until the high chair is fully erect and locked into position. See Figure 2.
- With one foot on the rear cross tube, push forward on the rear of the seat back to ensure the high chair is fully locked into position.

Installing the Passive Crotch Restraint

- Completely remove the tray from the high chair. (See “Installing/Removing and Operating the Tray”)
- Remove the tray insert from the tray and set it aside. (See “Using the Tray Insert”)
- Lay the tray upside down on a clean surface.
- Locate the passive crotch restraint and insert it into the opening on the raised portion of the tray until you hear the restraint snap into place. See Figure 3.
  NOTE: The restraint can only be inserted in one direction. The restraint should be inserted so the two ribs on the inside of the restraint are on the opposite side of the T-shaped plastic in the opening of the tray. Once you are sure the restraint is oriented properly and it is partially inserted, you may need to push forcefully to get the restraint to snap into place.
  NOTE: Once the passive crotch restraint is installed it cannot be removed.

⚠️ WARNING

NEVER use the tray on the high chair without the crotch restraint installed.
Installing/Removing and Operating the Tray

- To swing the tray open, place your foot on the front cross tube and press the button on the underside of the tray while pulling the tray horizontally away from the seat. See Figure 4.
- To completely remove the tray, swing the tray open. Then pull the release tab on the left underside of the tray while pulling upward on the tray. See Figure 5.
- To install the tray, orient the tray with the cup holder towards you and insert the plastic post into the opening on the left side of the high chair until it locks into position. See Figure 6.
- Gently pull upward on the tray to ensure it is installed properly.
- Swing the tray closed until the horizontal post on the right side locks into the opening in high chair arm. See Figure 7.
- Use caution when closing the tray with the child seated inside the high chair and always ensure that the crotch restraint below the tray is positioned between the child’s legs.

⚠️ WARNING
The child should be secured in the restraint system at all times. The tray is not designed to hold the child in the chair.

Using the Tray Insert

The tray insert is removable and dishwasher safe.

- To remove the tray insert, pull outward and upward on the hook attachments on both sides of the tray insert. See Figure 8. Be sure to lift straight up to avoid spilling anything on the tray insert.
- To attach the tray insert, fit the tray insert into the tray until both sides snap into place.
Securing the Child in the Seat

Note that there are two height adjustment positions for the shoulder harness straps. For a younger child, the shoulder harness straps should be positioned through the lower openings. For a taller child, the shoulder straps should be positioned through the top openings to ensure a good fit.

• To change the positioning of the shoulder straps, find the ends of each strap under the cover and behind the seat back. Twist the buckle on the end of each strap sideways and push it out toward the front of the seat back through the slot. To re-assemble into a different slot position, twist the buckle sideways and push it through the slot in the seat back from the front toward the back of the high chair. Release the buckle and make sure each strap is not twisted. Pull each strap toward the front of the high chair to be sure it is secure. Be sure that both shoulder straps are inserted through the slots at the SAME height.

• Ensure that both shoulder straps are attached to the waist strap buckles. See Figure 9.

• Unlatch the waist/shoulder buckle by squeezing in on both sides of the buckle latch and removing the male ends of each buckle. See Figure 10.

• Carefully place the child in the high chair with the shoulder straps over their shoulders and chest. Then, place the crotch strap between the child’s legs.

• Bring the seat belt around the child’s waist and insert the male ends of the waist/shoulder buckle into the female buckle. Ensure that they snap into place. See Figure 11. Tighten the waist belt to be snug around the child’s waist.

• Both the shoulder straps and the waist/crotch straps may be adjusted using the sliding buckles on these straps. See Figure 12.

⚠️ WARNING
Prevent serious injury from falls or sliding out. Always secure child using the restraint system.
Folding the High Chair
NOTE: The high chair can be folded with the tray and tray insert attached. Be careful to keep your fingers from being pinched by moving parts.
- Keep children away from high chair while folding.
- Orient the high chair diagonally in front of you.
- Slide the secondary lock all the way across and lift up on the folding mechanism behind the top of the seat back. See Figure 13.
- Rotate the seatback down towards the ground until the high chair is completely folded. Note that the high chair does not lock into the folded position.
- To carry the high chair, grab the handle on the rear of the seat bottom and go.

Maintenance
All of the fittings, snaps, locks, rivets, and other hardware and plastic parts on the high chair should be inspected periodically to ensure that they are secured properly and not damaged or malfunctioning. The safety harness, as well as all other fabric items and their stitching should also be inspected periodically to ensure that they are secured properly and not loose, torn or otherwise damaged. All moving parts, such as the tray and hinges should also be checked periodically to ensure they are operating properly.

Any missing, broken, or worn components should be replaced immediately, and the high chair should not be used until they are replaced. Only original manufacturer's components should be used. If needed, please contact Joovy at our toll-free phone number.

Cleaning
The fabric material on the high chair can be cleaned using mild household soap or detergent and warm water on a sponge or clean cloth. Always allow the fabric to completely air dry before using the high chair.
SATISFACTION GUARANTEED
